

Wildest Parts Competition

The challenge is simple. Create a bold, original item using Mastercam that shows off your design and machining skills.

CRITERIA

We are looking for **eye-catching** items that will demonstrate the many impressive and creative things that can be made with Mastercam.

We are not necessarily looking for the most complex part. We are looking for parts to attract attention with their **Originality and quality**. Choose a part that has an outstanding, original design — something that we likely haven't seen before. Just as importantly, deliver a quality part made with the utmost care and precision.

DEADLINE FOR ENTRY

Entries must be **postmarked** by October 31, 2022.

DIVISIONS

Education: individual or team (1st, 2nd, 3rd) – open to students at high school or college/university level of education

Professional: individual or team (1st, 2nd, 3rd) – open to anyone with professional manufacturing experience; instructors are encouraged to enter parts in this division

AWARDS

All entrants (students and instructors) receive a t-shirt at the close of competition.

RULES

- Original part must be programmed using Mastercam.
- All entries must be created between July 1, 2021 and October 31, 2022.
- Entrant(s) should share pictures and videos of their progress on Social Media using the hashtags #Mastercam and #WildestParts.
- Part should not be painted in a way that obscures the quality of machining.
- Part must be suitable for display at schools and trade shows; no weapons or weapon replicas will be accepted.
- All entrants receive notification of winners.
- All entries become the property of CNC Software, LLC and may be used for marketing purposes.
- All entrants must be **postmarked** by October 31, 2022.
- Please consider shipping requirements and restrictions when planning part size.
- Parts are judged based on the condition in which they are received.
- Completed entry form, release form, and appropriate files must be included with your entry.

SHIPPING/QUESTIONS

Ship completed entries to:

Wildest Parts Competition
CNC Software, LLC
671 Old Post Road
Tolland, CT 06084 USA
1-860-875-5006

It is advisable to use a trackable delivery method, package parts well to avoid damage, and consider insuring your part against damage during shipment.

Visit www.mastercam.com/community/competitions/wildestparts for more information or contact CNC Software, LLC with questions.

Phone: 1-800-ASK-MCAM or 1-860-875-5006 Email: WildestParts@mastercam.com

COMPLETED ENTRIES MUST INCLUDE:

A. Parts

- One finished part, deburred and polished.
- If submitting molds, submit the mold (machined part) and the finished, molded part.

B. Documentation on Electronic Media

- Zip to Go part files with all options checked.
- Picture of part in process, completed part, and entrant(s) with finished part.
- All images must be high resolution and in .jpg format (about 1 MB in size).

C. Typed Description of Part and Project

- Tell us what made you choose to make this particular part. As an individual or as a team, what were the challenges you faced? What did you learn? Tell us a little about yourself, too.
- Include any additional information that speaks to the originality and quality of your part. Provide details that will help convince the judges that your entry is the best.

Completed entry form, release form, and appropriate files must be included with your entry.

(continued)

D. Forms

- A completed Mastercam Wildest Parts Competition **Entry Form** must be included for each part submitted.
- A completed and signed Mastercam Wildest Parts Competition **Release Form** must be included with each entry.

Please double-check to ensure that all items listed above are included with your entry package. Failure to provide all items could result in disqualification.

Completed entry form, release form, and appropriate files must be included with your entry.
