Mastercam to Acquire Reseller, Cimquest

February 26, 2024 (Tolland, Conn.) – Sandvik announces the signing of an agreement to acquire the American company, Cimquest, which will be part of Mastercam, the world's #1 CAM software. Cimquest is a Mastercam Reseller located in New Jersey, United States.

"The addition of Cimquest continues Mastercam's ongoing investment into our Channel," says Mastercam Chief Market Officer, Sandy Moffat. "This signing of agreement to acquire Cimquest ensures Mastercam's ecosystem of solutions remains connected to our customer base for years to come."

The signing of an agreement to acquire Cimquest adds talent, technology, and diversity to Mastercam's ecosystem of solutions. Cimquest's solutions and support are recognized as best-in-class in their region and will continue to be available. With the addition of Cimquest, Mastercam continues to ensure our solutions remain connected to our customer base.

Rob Hassold, owner of Cimquest, states, "We are very excited to sign this agreement of acquisition with Mastercam and Sandvik. Joining the Mastercam team will enable us to continue to focus on what we do best: serve our customers!"

Mastercam has no plans to change relationships with any external vendors, customers, or Resellers as a result of this signing of an agreement to acquire.

Mastercam continues to Shape the Future of Manufacturing. Mastercam is committed to expanding the tools available in the Mastercam ecosystem through organic growth and acquisitions.

About Mastercam

Founded in 1983, Mastercam is headquartered in Tolland, Connecticut. Mastercam is a suite of CAD/CAM software created to reduce production time and expense with efficient machining strategies and advanced toolpath technologies like Accelerated Finishing™ and Dynamic Motion™. Mastercam is the world's #1 CAM software, with more than 300,000 installations in industries such as moldmaking, automotive, medical, aerospace, consumer products, education, and prototyping. It is distributed through an international channel of authorized Mastercam Resellers in 75 countries, providing localized sales, training, and support for 2- through 5-axis routing, milling, and turning; 2- and 4-axis wire EDM; 2D and 3D design; surface and solid modeling; artistic relief cutting; and Swiss machining.
